FAIRWAY OUTDOOR ADVERTISING

Artwork Templates

FILES

Art needs to be created at a scale of 1/2 inch equals 1 foot at 300 dpi. Also, be sure to add 5/16 or .3 of an inch bleed to each side for bulletins. For example: the finished art size for a 14'x48' bulletin is 7.6"x 24.6". Keep live material within 3/8" of each side.

FILE FORMAT

We accept psd, tif, eps, and pdf files. All colors CMYK, include PMS colors if necessary. Make sure to flatten layers and convert fonts to outlines. Files created in Microsoft programs (Publisher, Word, PowerPoint, etc) are not accepted.

FILE DELIVERY

Email files to your Account Executive. Files must be smaller than 3.5 megs, for larger files use a ftp site or save on disk.

Using a FTP program upload to:
<ftp.fairwayoutdoor.com>
username: client
password: client!

After placing file(s) on ftp site, please email the file name to your Account Executive.

Mail files to us on CD or DVD. Please include a color print.

BULLETIN TEMPLATES

Keep all live material (logos, wording, etc) at least 3/8" from all sides.
